### **Hands Free Cuff Lite Adds New Meaning to Portable Illuminator**

San Diego, CA (June 29, 2009) HI:BEAM, a brand of Bossco International, and an industry leader in all in one portable illuminators, is proud to announce the launch of their newest innovative product, the Cuff Lite.

This lightweight, one-size fits all, multi-purpose illuminator features elastic finger loops and a comfortable, adjustable wristband. The unique design allows you to pull it on over work gloves or bare hands for an instant flashlight.

The Cuff Lite is perfect for auto mechanics, plumbers, electricians, handymen, and outdoor sportsmen. Use the Cuff Lite as a nightlight for walking, setting up camp or as an emergency tool during power failures.

State-of-the-art technology allows the four bright LED lights to last up to 100,000 hours. The light can rotate a full 360 degrees, tilt up to 45 degrees and is water and shock resistant. The LED lights provide wide beam, super bright illumination. The Cuff Lite is one of the most effortless portable lights in the marketplace today.

The Cuff Lite is available in black, or in camouflage theme for sporting fans, and is made from resilient, high impact plastic materials. The versatile design fits both right and left hands and includes two batteries for 50 hours of light.

The HI:BEAM line is proudly designed and engineered in the USA by Bossco International. All products are produced under strict ISO 9001 guidelines. Bossco International offers some of the most innovative, highly advanced and superior quality products on the market today.
